

Philosophy

We are a defense philosophy organization, by teaching the swarm defense. The swarm defense is a revolutionary defense that relies on certain man-to-man principles while primarily acting as a trapping zone that causes fits and panic for an opposing offensive player. It is the perfect defense for teams with speed, basketball smarts and a willingness to play hard.

The Hilltoppers organization is for players that want to play at the next level and want to develop to be great basketball players. We cannot guarantee that your child will become the next NBA superstar but we can guarantee skills, team play and memories that will last a lifetime for you and your child.
